Do NOT be fooled by the pictures they post.

If you like people that discriminate against renting to people with diagnosed mental disabilities, and when you have legitimate complaints, they do nothing. . .

Then Park Place CMU is for you!

Then when you complain about them doing nothing, they will call you "disrespectful" and label you that

"crazy" person that always complains (of course, they will NEVER tell you that to your face, but you know what is going on). . .

Then Park Place CMU is for you!

If you like a place that makes you feel like you could get in trouble if your apartment does not pass their farce of a housing "inspection" as their "housing" inspection is a person that presses two smoke alarm buttons, turns on the bathroom fan then leaves, but DOES NOT inspect that anything else is to city code. . .

Then Park Place CMU is for you!
