

## Defense Exhibit I-3

### Cost of 800 Square Foot Carpet:

Park Place CMU claims they have an invoice from Sherwin Williams Carpets.

Park Place CMU assessed  $99.56 \times 2 = \$199.12$  (they charged Cheyenna and I both \$99.56) for alleged damages for replacing the carpet.

Minimum Wage in Michigan is \$12.48 per hour.

Our two-bedroom apartment had about 800 ft<sup>2</sup> of carpeting.

Sherwin Williams Carpets does not list their prices online.

So, I will use the **cheapest** carpet from Home Depot.

**800 X 1.24 = \$992**

The screenshot shows a product page for a carpet on the Home Depot website. The main image is a large brown carpet sample labeled 'Installed'. Below it is a color palette with four squares. To the right of the palette is a link '+more'. The product details are as follows:
